

## Serving the U.S. from Coast to Coast

### Envisioning the future.

Our impact in the crane industry has grown substantially since our founding in 2009. With new locations in Kansas, Texas, and other markets, Atlas Crane is expanding to a location near you!

# ABOUT ATLAS CRANE

## Where Service and Safety Meet

### Our Story

Atlas Crane was established in 2009 by current founder and CEO Zach Prentis.

Zach's vision of starting his own crane company was set in motion with the purchase of the first crane which he parked in his driveway, from this beginning Atlas Crane was born.

Taking on projects small and large, Zach's think big philosophy, vision and culture created tremendous company growth. By 2014 Zach grew the company to over 50 employees with 10 acres in Aurora Illinois.

By 2023 the company had grown to over 200 employees, operating the largest fleet of new Liebherr cranes in the country, serving customers from coast to coast.

### Our Mission

The Atlas Crane mission has been transparent since inception, and the business remains highly aware of those roots.

Our goal and core focus remain the same. We will continue to honor and foster Zach's vision for the company and its culture by delivering excellent service provided by top notch industry professionals.

### Our Vision

As we continue to set new horizons, our story and mission are part of who we are.

**Our following core values have stayed consistent:**

- **Honesty:** Act with integrity in everything we do.
- **Growth:** Strategically expand our business to support the needs of our customers and employees.
- **Stewardship:** Respect our social and environmental resources.
- **Personal Development:** Recognize, cultivate and value our employees' initiative and diverse talents.
- **Service:** Operate with quality to create value and satisfy our customers.

**WE BELIEVE THAT THESE CORE VALUES DEFINE AND MOTIVATE US TO KEEP REACHING OUR FUTURE GOALS, ALL WHILE STAYING COMMITTED TO OUR SLOGAN "WHERE SERVICE AND SAFETY MEET".**

### Where Service And Safety Meet

At Atlas Crane, providing exemplary service, SAFELY is built into the DNA of our organization. From employee training and risk control measures to regular project audits and personal protective equipment, we live safety in everything we do.

We will never compromise the safety of our team members or take risks for the purpose of a new project or to meet a deadline. Our team members and their families deserve this commitment. Our customers and the communities that we operate in, deserve this commitment.

We believe that each and every project, regardless of size or complexity should be planned and executed based on the foundation of customer satisfaction and total safety.

***Our slogan "Where Service and Safety Meet" is embedded in everything we do. We don't believe you can achieve one without the other!***

# OUR SERVICES

We Offer Specialized Services To Fit Your Project's Demands.

## Our Commitment To Service And Safety

We have a fully equipped, world-class team of industry experts and equipment, fully dedicated to ensuring your project is completed in a timely, safe, and cost-effective manner.

We provide high caliber industry professionals, new model cranes, quality rigging, and dependable heavy haul services to ensure customer satisfaction as well as statutory and regulatory compliance on each project. The intended results are project efficiency and accuracy, strong customer focus, and long-term sustainable relationship.

We are committed to achieving environmental, health, and safety (EHS) excellence and work everyday to be an industry leader. With the goal of protecting the health and safety of our employees, customers, and related communities.

EXPECTED 2023

## Crane Rental

LIFTING YOUR EXPECTATIONS.  
QUITE LITERALLY.

Serving the US from coast to coast, we offer a wide range of crane types and sizes to assist with whatever your project needs may be.

## Rigging

JUST AS IT SOUNDS

Qualified personnel and equipment to assist with specialty rigging planning and design. From spreader bars, cantilever beams, to anything from the hook down.

## Heavy Haul

NEED A LIFT?

We offer a large selection of cutting-edge transportation vehicles to fit every project. From specialized trailers and tow equipment, to semi-trucks and trailers.

## Storage

WE'VE GOT SPACE

We offer temporary storage for your equipment. Inside our warehouses, or outside at any of our yards, we have the space you need.

## Engineering

PRECISION IS KEY

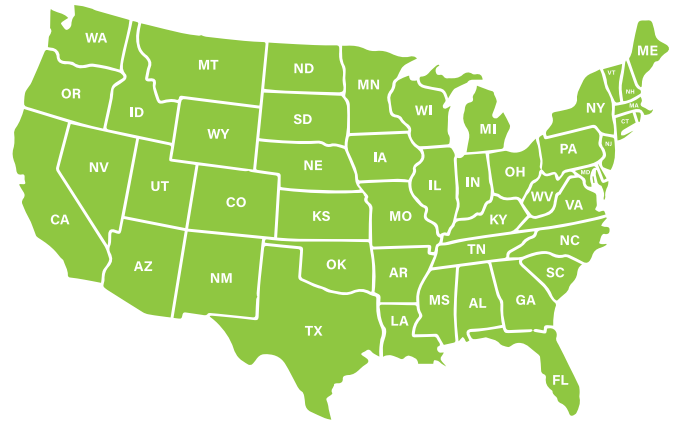

Our industry leading engineers will study your project and make sure every variable is accounted for. We insure that your project will go off without incident.

## Serving the U.S. from Coast to Coast. We are the right people with the right equipment
